All tips

B'Yachad is a gathering of believers from the Christian community in the West with their believing brothers and sisters from Israel. They consist of a blend of Jews, Arabs, and Ethiopians as well as believers from the nations of the world who have made Israel their home.

This will be an opportunity to identify your role in the Kingdom of God in this hour of history.

Israel is the land where your faith began and in the land where it will culminate.

It is time for Believers to unite in God's call to restore moral clarity, true justice, lasting peace, and joy to a world in chaos and confusion, just like the young disciples of Yeshua began in their day!

Join with us on an adventurous journey through the Land of Israel for an informative, worshipful experience, designed to make a lasting impact. If you are a committed Believer in your twenties to early forties, who longs to make an impact in the world you live in, we invite you to join us as we spend 10 days together with like-minded Messianic Believers on this journey of a lifetime.
